

Got News??

A little guide to community events

Got News?? is about to get bigger!

Thanks to a grant from the Meyersdale Wind Farm Fund of the Community Foundation for the Alleghenies!

As today's issue is printed, we are preparing to install our new printer, funded in part by the grant. It will allow larger paper to be used, and will cut our per-copy costs for printing!

Another benefit: Due to the lower printing cost, we will be offering four free printouts when people use our copier services or print from our computers. This is offered, in part, to help those short on cash who have an urgent need to print something.
