Just make sure we have them by the morning of Monday, August 4!

### **From Meyersdale Municipal Authority**

The Meyersdale Municipal Authority is aware that some residents are experiencing discolored water, at this time the staff assures the water has passed testing and is safe to use. The water authority staff and our engineers are actively working with the Pennsylvania DEP to restore clear water to our residents as soon as possible.

Should you notice discolored water at your residence, allow the cold water to run for a few moments, the feedback we have received indicates this may clear the discoloration, and please reach out to the office of the Meyersdale Municipal authority by calling 814-634-8627, knowing the areas that are affected will assist our staff in resolving the issue.
