Benefit Used Book Yard Sale

210 Center Street (Center & Main)

in front of Meyersdale Public Library. Buy books for a buck a bag and help fund the library!

Some people have asked . . .

Is “Got News??” a separate entity from the library?

No. It is part of our library work.

How is the newsletter part of library work?

Our mission statement:

*Libraries are not just about books, but about **problem-solving through information**. Our focus is to provide **information resources**, local history and genealogy services, and a creative and welcoming environment for children.*

When *The New Republic* closed, people in our area (including at the library!) were having a **problem** communicating about local programs & events. “Got News??” is an **information resource** that (we hope) is helping to **solve** that **problem**!

How can we support “Got News??”

Tell people about it! Send your events to print! And support the library — financially if you're able, but also by learning about all that we offer, using our resources, and telling other people about our services! Also, be understanding about the limits of what we're able to do.
