103 Sunshine Ave, Central City, 814-754-2615

Preparing Together was developed by the Salvation Army Disaster Services to help older adults and people with disabilities with making an emergency plan in a safe, learning environment.

You will leave the workshop with a booklet that you have started.

The workbook contains a magnet on the back so you can keep your plan on your refrigerator door or in a safe place for easy reference.

The most important time to develop a plan that fits your needs is before an emergency.

1313 Sandspring Road, Meyersdale, PA 15552
